Explanation:

Hence statement 1 is incorrect: The Ministry of Housing and Urban Affairs, National Capital Region Transport Corporation Limited (NCRRTC) and the New Development Bank (NDB) signed a loan agreement for lending 500 million dollars for the 'Delhi-Ghaziabad-Meerut Regional Rapid Transit System Project'. Hence statement 2 is correct: The Rapid Transit System will provide a fast, reliable, safe and comfortable public transport system in the National Capital Region. Due to lack of efficient public transport options, the number of private vehicles in NCR has increased. It can take about 3 to 4 hours to travel between Delhi and Meerut in Uttar Pradesh by road during peak hours. Rapid growth in vehicular traffic has made NCR one of the most polluted regions in the world.

Explanation:

President Ram Nath Kovind has sent his greetings to citizens on the eve of Chhath Puja. Hence statement 1 is incorrect: It is a Hindu festival dedicated to the Sun god and his wife Usha in order to thank them for bestowing the bounties of life on earth. The Goddess who is worshipped during the famous Chhath Puja is known as ChhathiMaiya (also known as Usha, wife of the sun god). The word chhath means sixth and the festival is celebrated on the sixth day of the month Kartika of the Hindu lunar BikramSambat calendar. The festival is observed over a period of four days. The rituals include holy bathing, fasting, standing in water for long periods of time, and offering prayers and food to the setting and rising sun. Hence statement 2 is incorrect: The main worshippers, called Parvaitin, are usually women. However, many men also observe this festival as Chhath is not a gender-specific festival.

The festival is observed most elaborately in Mithila Province of Nepal, Terai-Madhesh region of Nepal, Indian states of Bihar, Jharkhand and UP. It is also more prevalent in areas where migrants from those areas have a presence.

Explanation:

The Government of India, the Government of Meghalaya and the World Bank signed a \$120 million project to improve and modernise the transport sector of state of Meghalaya. The project will improve about 300 km of strategic road segments and stand-alone bridges by using innovative, climate resilient, and nature-based solutions. It will also support innovative solutions such as precast bridges to reduce both time and cost of construction. MITP will help Meghalaya develop reliable, climate resilient and safe roads which is crucial for the economic development of the state. About half of the 5,362 habitations in the state lack transport connectivity. This operation will also support state government's "Restart Meghalaya Mission" to revive and boost development activities affected due to COVID-19 pandemic. The \$120 million loan from the International Bank for Reconstruction and Development (IBRD) has a maturity of 14 years including a grace period of 6 years.

Explanation:

The Delhi government on November 18 told the Delhi High Court that a personal vehicle on a public road cannot be said to be a private zone — rather, it is a public space. The argument was given by the state to defend its decision of making it compulsory for people to wear masks when they are travelling in their personal or official vehicles, alone or otherwise. The Delhi government referred to the Supreme Court judgment in 'Satvinder Singh @ Satvinder Singh Saluja' Ors Vs. The State of Bihar' to defend its directive on wearing masks in vehicles. The Supreme Court in its ruling said Section 2(17A) of the Bihar Excise (Amendment) Act, 2016 defines a "public place" to mean any place to which the public has access, whether as a matter of right or not — and includes all places visited by the general public, and also includes any open space. The court dismissed the argument that a vehicle is not covered by the definition of "public place" as given in the law amended in 2016 by Bihar.

Explanation

Deemed Forests refer to land tracts that appear to be a “forest”, but have not been notified so by the government or in historical records. However, the concept of deemed forests has not even been clearly defined in any law including the Forest Conservation Act 1980. Deemed forests in India comprise only about 1% of India’s forest land.
